Canada 150

Pay Tribute to Canada's great diversity and our vast multiculturalism

“In 2017, all British Columbians will celebrate our place and contribution to Canada, as all Canadians celebrate the 150th anniversary of Confederation. “My Canada! My BC!” is conceived to inspire Canadians and British Columbians to embrace, explore and enjoy their own heritage places and spaces across the country and throughout our beautiful province. “

SPEARS, CLOVIS POINT STONE

Deeded by Hope George around 1952, he found them at the old gravel pit between the old golf course & the Granby River near the vicinity of the Hugh Sutherland family home on Bluff Street. Although no information was provided at that time, local legend indicates (unconfirmed) that the spear heads are about 8000 years old and originally came from the Columbia Valley area Sinixt (pronounced Sin-eye-xt) Arrow Lakes Nation which includes 80% of its area in B.C. & 20% in Washington State.
